

# CAZADERO MUSIC CAMP

## Mini Mosquito Info Sheet 2024

I have received a couple of emails asking about mosquito netting options for camp; here's the scoop.

There are bugs at camp but they are usually not overwhelming. **Most campers are fine with a combination of long sleeves and insect repellent.** There is Mosquito Vector control mitigation in between camp sessions.

Recently, we have had some interest in mosquito netting for sleeping at camp. If you are interested in sending netting with your camper, please note:

- Nets must be self-supporting and free standing.
- Nets should sit on top of the existing camp bed and mattress.

Here is a typical style that has been successfully deployed at camp in the last couple of years:
